AFSA-02T

11 April 1951

MEMORANDUM FOR AFSA-00T:

SUBJECT: Comments on Minutes of meeting on SCAG 28 March 1951.

1. Reference is made to our informal discussion in my office of this morning at which Capt. Dennis, Dr. Kullback, and Mr. Kirby were also present.

2. As suggested by you, I am submitting as an enclosure hereto an outline schedule. This tentative schedule reflects AFSA-02's feeling that it will be impossible to do justice to both ALBATROSS and Manual systems in the time available for discussion; therefore only the ALBATROSS problem should be presented.

3. Mr. Kirby of AFSA-24 is preparing a detailed schedule to cover the ALBATROSS presentation. It will include periods for tours to AFSA-22 and sections of AFSA-24 as well as a series of lectures. It is hoped that the detailed schedule will be in your hands by the end of this week.
