3 January 1949

Major General J. O. Mauborgne  
 United States Army, Retired  
 96 Battin Road  
 Fair Haven, New Jersey

Dear Sir:

You may recall that on 12 March 1943 an application for patent, which joined you and William F. Friedman as coinventors, for System for Enciphering Facsimile, was filed in the United States Patent Office. The attorney appointed at that time was William D. Hall of the Legal Division, Office of the Chief Signal Officer.

There is now a Patents Section at this Agency, and the Legal Division wishes to transfer to it the case in question. This is, as a matter of fact, merely a formality since the prosecution of this application has been handled by this Agency for several years.

It would be appreciated, therefore, if you would sign and return the inclosed Revocation of Power of Attorney and Power of Attorney. The carbon copy may be retained by you if you wish.

For your information, the application is at present considered unclassified, and a patent may be expected to issue thereon within the relatively near future.

Very truly yours,

LEO ROSEN, Acting Chief  
 Research and Development Division
