

Fryksås, Orsa, Aug. 27, 53.

as 7/1

Dear Elizebeth and Bill:

It was most kind of you to call us on the phone yesterday, only it was a pity that we had hard to hear you properly. We think that we got the main points, and we are happy to know that your trip has continued to be interesting and pleasant.

We are sorry also that we missed Elizebeth's birthday, and hope that you got our good wishes over the phone.

We have only a few days more up here, and we are very sorry to have to leave so soon. The weather has not been as good as it was when you were here, but we have kept busy picking berries and mushroom; the other day we picked about 25 lbs of lingonberries, which Annie already has transformed into jam.

I have also been working on my Father's memoirs; I have been able to get a Russian-English dictionary, printed in Moskau, and this is of good help to me.

And now another thing. I have just received the book "Pearl Harbor" from Mrs. Wohlstetter and I now wonder, shouldn't I send her a check to cover the price of the book + postage? Or can I send it to you?

We are now leaving Fryksås on the 30th.

I will then leave Sundsvik on the 17th of Sept., with Sture, and arrive in Zug on the 20th/probably/, while Annie will leave on the 22nd and arrive in Zug on the 24th in the morning.

We do hope that you both are in the best of health, and we send you our affectionate regards.

Sincerely
