1. The publication referred to in item "a" of the letter from the Portuguese Military Attache dated 27 July 1954 consists of articles which were all reprinted from the Signal Corps Bulletin, a publication which at the time of reprinting was classified RESTRICTED. In view of this origin it is suggested that the request of the Portuguese Military Attache be referred to the Office of the Chief Signal Officer for attention.

2. If the Chief Signal Officer has no copies of the book containing the reprinted articles, a copy can be made available to him from a small supply on hand in this agency.
