Urbana, Illinois

Dear Stewart:

The Security Division has received the clearance forms for Victor LaRue Klee, Jr., of the University of Virginia and they are being processed. We trust this is the "S. S. Klee" you refer to in your letter to Mr. Friedman dated 14 February. "S. S." is not a member of the Mathematical Society, incidently.

We have your latest note concerning Paige's projected letter to members of SCAMP and are giving it lots of thought. You should hear from us very soon.

Regards,

R. A. LEIBLER

Iowa State College  
Ames, Iowa

Dear Dr. Langenhop:

In order to complete one phase of the necessary processing for your clearance, it is necessary that the enclosed fingerprint cards be filled out. Two cards are needed in case a print is smudged. Please fill out also the blanks which are checked in red.

Your fingerprints can be taken at any police station or service recruiting center. Please accept our apologies for your trouble.

Sincerely,

A. A. ENIGLER

20 FEB 1953

Mr. R. D. Parker  
3606 Chesapeake St., N. W.

Dear Mr. Parker:

I hope the inclosed memorandum may be of some assistance in your attempt to secure a favorable ruling from the Federal Security Administrator in Pontiac. I think you will not be asked to name the case in which we have received assurance, but if you are, Samuel B. Williams says he is perfectly agreeable to your using his name.

Please let us know if there is anything we can do to be of assistance. I urge you to secure the opinion of the Pontiac man in writing.

Very truly yours,

WARREN H. TURNER, Jr.  
Assistant to the Chief  
Office of Research and Development

Incl.

Copy of Memo for Record, Subj:  
"Attention of R. D. Parker as  
Consultant", dtd 18 Feb 53

18 February 1953

MEMORANDUM FOR RECORD

SUBJECT: Retention of R. D. Parker as Consultant

1. This Agency is presently planning to engage the professional engineering services of Mr. Raymond D. Parker, a Social Security annuitant whose case, it is believed, is handled by the Pontiac, Michigan Field Office.

2. We are engaged in a variety of classified research and development tasks essential to national security. In accomplishing such work it has been our policy to supplement our staff by retaining nationally known, highly qualified professional engineers in a consultant capacity. When such engineers are Social Security annuitants it is understood that consultant fees are specifically exempted from the operation of the withholding provisions of the Social Security Act. It is our understanding that Section 1426 (a) (7) (C) (v) of the "Compilation of Social Security Laws" has been generally held to deal specifically with this situation.

3. However, the fiscal and payroll regulations to which this Agency must conform do not facilitate the retention of men beyond retirement age as professional consultants, since deduction of 1 1/2% Social Security tax from the compensation of all who are not Civil Service employees is required. Therefore, under the operation of the Payroll system, deductions would be made from Mr. Parker's compensation and posted to his Social Security account.

4. The following problem then is presented. If deposits are made to the account of this annuitant reflecting fees of a gross amount in excess of \$50.00 a month, will the continuation of his annuity be jeopardized thereby?

5. This Agency is not willing to enter upon any arrangement with Mr. Parker which would operate to jeopardize his annuity. In the case of another annuitant, we have secured the assurance of the Field Director having cognizance of his case that the continued deposit of credits to his account representing deductions from consultant fees remitted by this Agency will not jeopardize his annuity. It is our earnest hope that a similar assurance may be given Mr. Parker.

Mr. William F. Friedman  
Consultant  
National Security Agency  
Washington 25, D. C.

Dear Mr. Friedman:

Mr. S. B. Williams has informed me that it is important I write you concerning the possibility of my working with the National Security Agency as a consultant and giving you a definite statement as to my own plans.

I now plan to leave the National Production Authority Jan. 30, 1953. After this change it will be necessary for me to go to Detroit for a week, perhaps ten days, to take care of some personal matters. If this plan is carried through I should be able to start work with you during the week of Feb. 16.

A statement from you that this is acceptable to the Agency would be greatly appreciated.

Yours very truly,

/s/ Ralzemond D. Parker

## Completion of Personal History Statements

S/ASST

SEC/PERS

7 Apr 53  
Capt Young/251/sr

1. Two Personal History Statements were completed on Thomas Christopher RIVES and Walter Ransom Gail BAKER to the extent of information available to SEC. Please return one copy of the current completed Personal History Statement on each individual to the Security Control Division.

2. To complete the clearance on RIVES and BAKER, a completed fingerprint card is necessary. Attached are copies of the specific card that must be used. Two cards are sent on each individual to facilitate the check in event a print is smudged. Complete the blanks checked in red and return both copies on each person to the Security Control Division.

MEMORANDUM FOR THE CHIEF, SECURITY CONTROL DIVISION

SUBJECT: Clearance for Mr. Thomas <sup>RIVES</sup> Reeves

1. On 6 November 1952, I requested that clearance status be ascertained for a number of persons we were considering for membership on the Advisory Board or panels thereof. Among the names, the second one listed, was as follows:

<sup>RIVES</sup>  
REEVES, Thomas, Mr.  
DOB: No information available.  
POB: No information available.  
Present Address: General Manager, Electronics Division,  
General Electric Company, Syracuse, N. Y.

2. Attached hereto is a copy of a letter received from the above mentioned candidate giving the correct spelling of his name and other data. I regret that who ever nominated General Rives did not give me the correct spelling of his name.

3. You will note that General Rives states that he has TOP SECRET, as well as, "Q" clearances and refers to the "Central Index". He also gives additional information which should be useful to you in locating a Personal History Statement as well as fingerprints.

4. What I would like to do is obtain a copy of the Personal History Statement and send it to him to bring it up to date with whatever additional information is necessary.

5. We are advising General Rives that we will send him a copy of a previous PHS if we can locate one and then ask him merely to bring it up to date.

Clearance file

Serial: 1457

1 APR 1953

Dr. Arthur L. Samuel  
 International Business Machines Corporation  
 Engineering Laboratory  
 Box 390  
 Poughkeepsie, New York

Dear Dr. Samuel:

Thank you for your letter of 18 February 1953 to Rear Admiral Wenger, forwarding your personal history statement and fingerprint cards. The task of filling out the history is an arduous one and I appreciate your completing it for us. This step is merely a preliminary to our initiating the action necessary to obtain the special type of clearance required for access to our activities.

In response to your query as to the extent of duties we are contemplating having you undertake, I wish to assure you that they would hardly be such as to interfere with your chairmanship of the RDB Panel on Electron Tubes. Furthermore, I wish to indicate that before asking you to undertake any sort of duty or service in our behalf I would clear the request with Mr. John C. McPherson, who is a member of this Agency's Scientific Advisory Board and through whom I expect to establish liaison in each case where the consultative services of any IBM technician are desired by us.

Sincerely,

(sgd) Ralph J. Canine

RALPH J. CANINE  
 Lieutenant General, US Army

SUBJECT

STONE, Marshal Harvey

TO Deputy Director, Navy

FROM Chief, Security Control  
DivisionDATE 25 July 1952  
Col Wyman/60261/mel

COMMENT NO. 1

1. In a personal interview with the Chief of Security, AEC, Capt J. A. Waters, USN Ret, on 23 July 1952, the following was revealed about subject:

a. JCS requested AEC for a "Q" clearance, January 1951. This was not granted then.

b. AEC determined he did not possess a military clearance, May 1951.

c. July 1951, JCS again requested AEC for a "Q" clearance which was granted on an "invite" basis. This means "Q" clearance is granted inviting attention of requestor to derogatory information concerning subject which was passed on. This is subject's present status.

d. Capt Waters was disturbed about the STRASBOURG CABLE and left me with the impression he would reopen the case.

e. Subject's file has been currently requested by AEC Station at Sandia. This would indicate he is being considered for work there, or by a contractor there.

2. Mr. Gould, Security Officer, OSD, on 24 July 1952, said subject was given a "Q" clearance (didn't know about the "invite" part) to assist JCS with the WSEG project. This automatically gives him access to Top Secret material, being tantamount to a military clearance, but technically this has not issued from the JCS or the Services.

3. Following the meeting with Mr. Gould, I visited Mr. Scott, the Security Officer of JCS, and through him talked with Col Carnes, Deputy Secretary to JCS, who evidently has made decisions in this case for JCS. Col Carnes had not seen the STRASBOURG telegram although he was aware of the STRASBOURG incident. His position in the case is that he thought there was too much allegation and not enough fact derogatory to Mr. Stone and on that basis he asked AEC to grant a "Q" clearance in July of last year. He felt it was up to them to make the final decision. Their decision having been to grant the "Q" clearance, Col Carnes stated that he had no hesitancy in granting Mr. Stone access to Top Secret material. He also stated that the JCS does not grant clearance as such; that is, if a military clearance is granted it must be granted by a service. JCS only grants clearance for JCS based on the "Q" clearance. However, he further stated that he considered the situation an undesirable one because, to date, he has had no knowledge of any request for a "Q" clearance on any person having been denied by the AEC. Col Carnes is cleared and indoctrinated for Special Intelligence and I asked what his opinion was concerning Stone's being granted access to such matter. He stated again that he thought that was a decision that we would have to make for ourselves.

**CONFIDENTIAL**

SUBJECT: STONE, Marshal Harvey  
TO: Deputy Director, Navy FROM: Chief, Security Control Division 25 July 52 Comment No. 1  
Col Wyman/60261/mel

but that, in view of the information we have, he would <sup>not</sup> question a decision not to grant clearance for Special Intelligence.

4. Considering the AEC's Security Officer's (Capt Waters) reaction to the STRASBOURG cable, I suggest we hold up our decision until we get his final decision. We feel that more should be learned about the originator of the cable, Mr. Roudybush, since his report may be an isolated instance and due entirely to personal animosity. However, in view of JCS's apparent dissatisfaction with the "Q" clearance procedures, I believe we are going to have to review the material on which "Q" clearances are based before granting AFSA clearances.

SCHOOL OF MATHEMATICS

April 8, 1953

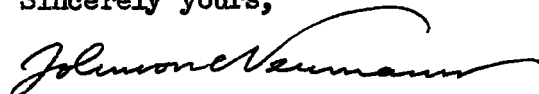

Dear Admiral Wenger:

Thank you for your personal letter of March 26, and your covering letter of March 30 that came with the "Statement of Personal History." I have answered the first letter separately, and I am now writing to you in connection with the second one.

I am very appreciative of the effort you have made to simplify my task in connection with the "Statement." I have made the necessary addenda and the few modifications that were needed.

I am returning your one copy of Form DD398 and keeping the duplicate, as suggested.

Sincerely yours,

John von Neumann

Capt Young/60251/sr

Recommend withholding any discussion of the Agency with Mr. Weaver pending completion of a background investigation requested by another organization. Facts that have been uncovered to date and which have not been resolved make it impossible for SEC to consider any but the above recommendation at this time. SEC will follow through and review the investigation after completion and give final recommendation.
