Memo for Deputy Director & Director, NSA

EO 3.3(h)(2)  
PL 86-36/50 USC 3605

1. I enclose a letter dated 29 June 1958 (delayed in being forwarded to me here from Washington) and a copy of my reply, which says nothing about my reaction to the three alternatives outlined.

2. With regard to the 3d alternative: suggest

stuff id storage for emergency issue. By the way, that 3d alternative has never been put forward so clearly as it is in his present letter, it seems to me.

3. In re Barlow: would it be purely social visiting that goes on? Could you find out? I suggest being so. What makes the father (and me) uneasy is that the son may have it in mind to "hold up" the old man for all he could get. If that is true it is possible that Barlow may be picking ideas in his head. This, I realize, is a serious thing to say about H.B. but the old man
